### **Creative Announces Q1 FY08 Financial Results**

**SINGAPORE** – **Oct. 31, 2007**– Creative Technology Ltd., a worldwide leader in digital entertainment products, today announced financial results for the first quarter of its 2008 fiscal year, ended September 30, 2007. All financial results are stated in U.S. dollars.

Revenues for the first quarter were \$184.6 million, compared to revenues of \$241.5 million for the same quarter last year. Net income for the first quarter was \$1.3 million, with earnings per share of \$0.02, including a net investment gain of \$4.4 million. This compares to a net loss of \$21.0 million with a loss per share of \$0.25 for the same period last year.

The net investment gain of \$4.4 million for the quarter is comprised of an investment loss of \$2.5 million, and a gain of \$6.9 million resulting from the sale of 80.1 percent of Creative's manufacturing operations in Malaysia to a group of third-party investors.

"During the quarter we made significant progress in the areas of focus that we shared last quarter. We increased our gross margins by two points quarter-over-quarter to 22 percent, operating expenses were below \$50 million, and we achieved positive net income as we continue to focus on profitability in the holiday quarter and moving forward," said Craig McHugh, President and COO of Creative Labs, Inc. "We launched two important products in the first quarter: our ZEN credit card-sized portable media player with the stunning 2.5-inch screen that supports up to 16.7 million colors; and our premium \$300 Aurvana X-Fi Noise-Canceling Headphones, introducing our proprietary X-Fi audio technologies in an exciting new market for Creative. Since we introduced the Aurvana X-Fi, it has received numerous top editorial awards and accolades."

"With the improvements in our operations that we're making, we are targeting profitability in the current holiday quarter," continued McHugh. "We also believe that we will improve our year-over-year operating results in each quarter in calendar year 2008, with gradual improvement in gross margins, and reduced costs and operating expenses."

"As we look into 2008, we are preparing to unveil innovative new products which will create new markets, propelling Creative to the next stage of its development," said Sim Wong Hoo, Chairman and CEO of Creative.

### Share Buyback Program

During the first quarter, Creative purchased 500,000 shares under its share buyback program at an average price of \$4.01.

### Completion of Voluntary Delisting from NASDAQ

On September 4, 2007, Creative announced that it completed its voluntary delisting of the Company's Ordinary Shares from the NASDAQ Global Market. The last day of trading on NASDAQ was August 31, 2007. To view the press releases pertaining to the voluntary delisting, visit www.creative.com/corporate/investor.

#### Safe Harbor for Forward-Looking Statements:

This press release contains forward-looking statements, including statements relating to Creative's operating expenses, and profitability. These forward-looking statements involve risks and uncertainties that could cause Creative's actual results to differ materially. Such risks and uncertainties include: Creative's ability to timely develop new products that gain market acceptance and to manage frequent product transitions; competitive pressures in the marketplace; a reduction or cancellation of sales orders for Creative products; accelerated declines in the average selling prices of Creative's products or any prices of components; Creative's ability to successfully integrate acquisitions; potential fluctuations in quarterly results due to the seasonality of Creative's business and the difficulty of projecting such fluctuations; possible disruption in commercial activities caused by factors outside of Creative's control, such as terrorism, armed conflict and labor disputes; a reduction in demand for computer systems, peripherals and related consumer products as a result of poor economic conditions, social and political turmoil; major health concerns; the proliferation of sound functionality in new products from competitors at the application software, chip and operating system levels; the deterioration of global equity markets; exposure to excess and obsolete inventory; Creative's reliance on sole sources for many of its chips and other key components; component shortages which may impact Creative's ability to meet customer demand; Creative's ability to protect its proprietary rights; the vulnerability of certain markets to current and future currency fluctuations; the effects of restricted fuel availability and rising costs of fuel; fluctuations in the value and liquidity of Creative's investee companies. For further information regarding the risks and uncertainties associated with Creative's business, please refer to its filings with the SEC, including its Form 20-F for fiscal 2006 filed with the SEC. Creative undertakes no obligation to update any forward-looking statement to conform the statement to actual results or changes in Creative's expectations.
